

Join the Clean Air Coalition for the

Do you live close to a **bus lot**?

Do you have **trucks** that run their engines and speed in your neighborhood?

Are you worried about your kids playing close to a **busy intersection or train tracks**?

Do your kids and neighbors have **asthma**?

Upset about all the **potholes** in your neighborhood?

The training is once a month from January til
June from 5:30 – 7:30. The training dates are:

JANUARY 15

FEBRUARY 19

MARCH 19

APRIL 16

MAY 21

JUNE 18

(Graduation!)

**PRIMERIA IGELSIA
UNIDA METODISTA
62 VIRGINIA STREET**

FOLKS WHO SIGN UP WILL

- Meet others from across the city who are struggling with similar problems
- Identify the impacts of living in a neighborhood with trucks, trains and buses
- Think critically about why transportation hubs are located in our neighborhoods
- Identify the people who make decisions about transportation hubs
- Identify solutions and plan for ACTION!

At the end of the class you'll be ready to meet with elected officials, talk with the media, and build a strong movement to protect your neighborhood from toxic fumes and convince those in power to invest in your community.

Children are welcome and snacks will be provided.

Interested in joining? Contact Natasha at 852-3813 or Natasha@cacwny.org

The Clean Air Coalition of Western New York is an environmental health and justice organization that develops grassroots leadership to advocate for policies that promote the community's health and well-being.
